PROFESSIONAL EXPERIENCE

WELLS FARGO ADVISORS, PALO ALTO, CA

December 2025 – Present

Senior Associate Financial Advisor

- Analyze and rebalance client portfolios based on investment objectives, risk tolerance, liquidity needs, and changing market conditions, identifying concentration risks, asset-class exposures, and opportunities to optimize portfolios
- Develop asset allocation and investment strategies for 200+ households across equities, fixed income, mutual funds, and ETFs to align portfolios with clients' long-term objectives
- Monitor macroeconomic trends, market conditions, and security-level developments to support advisors overseeing \$1B+ in total assets under management, translating market movements into data-driven portfolio decisions

PRUDENTIAL FINANCIAL, San Jose, CA

July 2025 – December 2025

Financial Planner

- Assessed financial profiles for 50+ clients, evaluating assets, liabilities, cash flows, risk tolerance, and long-term objectives to develop individualized financial recommendations
- Evaluated 100+ investment and insurance scenarios across varying risk, liquidity, and time-horizon assumptions to identify solutions aligned with client financial objectives
- Prepared and presented comprehensive financial proposals integrating investment allocation, insurance coverage, and estate considerations into actionable long-term strategies

CHARLES SCHWAB & CO., INC., San Francisco, CA

December 2020 – June 2025

Senior Associate Wealth Advisor | Promoted from Client Relationship Specialist

- Managed and developed personalized financial plans for 100+ clients, tailored individually based on their financial needs, with client portfolios managed totaling \$400M+ AUM
- Conducted analysis to assess portfolio performance, identifying opportunities for rebalancing or asset allocation changes based on current events and market trends, and proactively communicated recommendations to clients
- Provided targeted long-term retirement planning and investment risk profiles for clients focused on maintaining income throughout retirement, setting retirement goals, and establishing feasible retirement timelines
- Evaluated portfolio performance and risk metrics across client accounts, analyzing returns, volatility, asset-class exposures, and benchmark performance to identify opportunities for portfolio optimization
- Leveraged Salesforce and other CRM tools to engage with clients, strengthen relationships, and source opportunities, created reports and analyzed engagement statistics to build relationships

MIDTOWN PARTNERS & CO., LLC., New York, NY

May 2019 – August 2019

Investment Banking Summer Analyst

- Conducted market analysis on 50+ emerging public pharmaceutical companies to identify investment opportunities, built financial and valuation models for OTC-traded companies, assessing performance, growth assumptions, and key valuation drivers across domestic and international markets
- Performed industry and transaction research to support private placement and capital-raising engagements, synthesizing market data and company fundamentals into valuation analyses and investor materials
- Produced weekly analytical reports and presentations on sector trends and investment opportunities, translating research into actionable insights for senior management and published firm research
- Selected Transactions:
 - Supported a \$10M capital raise for an emerging app company through investor outreach and valuation analysis
 - Conducted due diligence for medical company seeking \$10–15M in funding, prepared valuation reports for an IPO
